

Project Brief

Utah & Salt Lake Canal Trail

**2007 Legislative
Update**

Provided By:

Project Description: CONSTRUCTION, Enhancement, Trail Project, Local Government

The purpose of the Utah and Salt Lake Canal Trail project is to provide surrounding communities with an accessible neighborhood trail to be used for recreational purposes. The trail will be constructed on the Utah and Salt Lake Canal Right of way, separated from motor vehicles.

Trail construction will legitimize access and separate trail users from the canal maintenance access road, providing a path for children to use that is away from traffic. These improvements will also offer recreational opportunities for people to jog, walk, or cycle.

**Commission
Approved
Project Budget:**
\$500-thousand

**Anticipated
Schedule:**
Construction –
Spring 2007
